

Account Information for Direct Deposit or Pre-Authorized Payment

This form provides account information in place of a void cheque and is used in arranging for direct deposits or preauthorized payments on your account. Complete the form and submit it to the depositor or billing company.

How to find your banking information on a personal cheque:

How to find your bank account numbers online:

You can find your account number by signing in to your **MemberDirect** online banking. On the "Account Summary" page you will see all of your accounts at EasternEdge Credit Union. After the name of each account, you will see a 5-digit number, usually 000XX. The **XX** is the number you need in order to specify on which account you want to make the deposit or payment. Chequing accounts are usually 10 or 11, savings are usually 20 or 21.

For example: You sign into online banking using your login 12345-00-8. In place of the "00"s, you will need to use "XX". When specifying your account number for direct deposit or payment, it should be in the format 12345-XX-8. If your login begins with 0s, make sure you don't change or leave these out. Your account number should be 8 digits, including leading zeros.

***Please note:** Your Equity Share account (04), USD account (12, 16), and investment accounts are not eligible for Direct Deposit or Preauthorized Payments.
